## PROFILE

Enthusiastic front-end developer seeking an opportunity to maximize both my professional expertise and my passion for front-end development to make significant contributions to a growing team.

My acceleration over the past ten years from Accountant to Finance Director provided me the skills to successfully achieve my goals.

Now my aim is to combine both my professional business experience as well as my extensive education and hands-on projects in web development to thrive in a front-end development role.

## PROJECTS

### PRODUCTLY PROJECT

HTML, CSS, SASS, JS

Responsible website for design company

<https://datsolena.github.io/Productly/>

## EXPERIENCE

2022-RECENT

### MGM CONSULTING IT

#### FRONT-END DEVELOPER

Currently I'm studying front-end development and part-time participate in web-development processes in IT company. Preparing, testing landing pages, helping with implementing new features.

2015-2021

### BLACKTHORN VISION

#### CFO

My main achievement in this role is that I have set up all financial processes and built a strong team of Accountants in dynamically growing Company, we have successfully passed annual tax audit and proved efficiency of our internal financial processes.

2012-2015

### NESTLE BUSINESS SERVICES EUROPE

#### AP ACCOUNTANT

This job taught me how to be a team player, I practiced my communication and co-operative skills with colleagues from other departments and countries. I learned how to implement new processes and continuously improve them (problem solving activities and daily operational reviews).
