PROFILE

A passionate front-end developer with **3+ years of experience** and a unique blend of skills from finance and web development. My transition from finance leadership roles to coding has equipped me with **a keen eye for detail and problem-solving**. I specialize in **React** and **building dynamic, user-focused web applications**. I thrive in collaborative environments where I can merge my diverse experience to drive innovation and deliver high-quality solutions.
Currently expanding my React expertise, I'm eager to contribute to forward-thinking teams and bring value through my **technical** and **financial insights**.
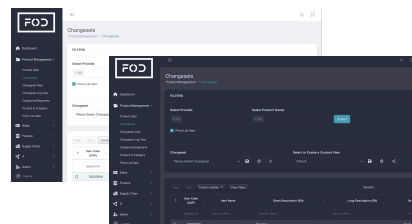

PROJECTS

Corporate website

Partner Portal

Time-tracking system

Product master catalog

EXPERIENCE

November 2022 - RECENT
SCREENING EAGLE, Switzerland, Zurich
FRONT-END DEVELOPER

I work on various projects, including corporate website, time-tracking app, product catalog and partner portal. For the partner portal, I selected React & Tailwind for the frontend, taking ownership of the entire process from design to implementation. I collaborate closely with backend developer to optimize user experience, while also managing new feature development and bug fixes.

April 2022 - May 2025
UNWIND, remote
FRONT-END DEVELOPER (part-time)
Part-time participation in web-development processes in IT company. Preparing, testing landing pages, helping with implementing new features.

September 2015 - September 2021
BLACKTHORN VISION, Ukraine, Lviv
CFO

My main achievement in this role is that I have set up all financial processes and built a strong team of Accountants in dynamically growing Company, we have successfully passed annual tax audit and proved efficiency of our internal financial processes.

August 2012 - August 2015
NESTLE BUSINESS SERVICES EUROPE, Ukraine, Lviv
AP ACCOUNTANT

This job taught me how to be a team player, I practised my communication and co-operative skills with colleagues from other departments and countries. I learned how to implement new processes and continuously improve them (problem solving activities and daily operational reviews).
